

THINK TOUCHDOWN

A runner advancing from the field of play is legally in possession of a live ball when it penetrates the opponents goal line (plane).

An **eligible receiver** catches a legal forward pass in the opponent's end zone. Review requirements for catch.

A fumble or back-ward pass is recovered, caught, intercepted, or awarded in the opponent's end zone.

A free kick is legally caught or recovered in the opponent's end zone.

Linesman and Line Judges, the goal line is yours from the 5 yd line in. We must have great coverage at this point. The following will help:

- Establish wide position at the snap; increase perspective
- See the ball break the plane OR .
- "Sell" a forward progress spot
- Be in the right place at the right time
- BE DECISIVE!

LJ and L from Team "B's" 5 yd line in, you also have responsibility for the sideline extended to the end line. This is consistent with your other field coverage responsibilities.

Treat goal line as your most important game responsibility. The outcome of the game may depend on YOUR call!. Always be in position.
